LAKE WASHINGTON TUTORING

Tutoring is for every student

Whether they are catching up, staying on track, or getting ahead, we support students by teaching them how to conquer the challenges of school.

At Lake Washington Tutoring, we invest in the success of your student - just as much as you do.

"Our students enrich their skills and celebrate the confidence they are building with each success."

TESTIMONIALS

"Weekly tutoring helped me power through my finals, study for the SAT, and work on my college apps. I had my sights set on medical school since I was a freshman, and LWT helped me every step of the way to make sure I was ready to go to college and succeed in pre-med."

- Natalia R., *Class of 2006*

"Our fourth grade daughter has struggled with math for years and within a few sessions with her tutor, her confidence was boosted. Her teacher noticed an improvement right away. We liked the relaxed, fun, and efficient approach and appreciated the individual lessons plans, creative ideas, and understanding of our daughter's learning style."

- Molly S., *Class of 2021 parent*
